

who has got energy for life?

customer **Providence Row** project **The Dellow Centre**

The Dellow Centre provides essential services such as food, clothing and showers to help to restore health and dignity to the homeless. The centre provides a wide range of advice, support and outreach services to help to tackle the more complex issues such as; housing, mental health and substance misuse, which may be the root cause of a person's homelessness.

Providence Row the trust which owns and runs the centre has been providing assistance to the homeless around the Whitechapel area for 150 years. In 2004/5 a solar pv array was installed as a canopy across the roof terrace providing a green source of electricity as well as a refuge from the weather.

solar photovoltaic solutions **area (sqm)** **size (kW)**

Integrated canopy	157	19
-------------------	-----	----

carbon saved / energy generated

Annual carbon saving	6.5 tonnes
Lifetime carbon saving	228.8 tonnes
Annual energy generated	15200 kWh

project details

Web address	www.providencerow.org.uk
Type of building	Support Centre
Date completed	2006
Location	City of London
